

External Speakers Bloxwich Academy

There will be additional workshops providers working with Bloxwich Academy to support the Personal Development Curriculum. Where possible this will be in line with any local events which will vary from year to year. In addition, where the content of the session is sensitive in nature, we will write home to parents in advance with more specific detail of the topics to be covered. All sessions are planned in an age-appropriate way. Here are a range of external speakers that Bloxwich Academy work with. These will be used at various points in the academic year.
